WELCOME TO THE TEAM!

United Way is glad to partner with your company to help our neighbors most in need.

We have the unique role of seeing a community-wide view of all the issues and work to understand, solve, and invest to create long-term, sustainable change. By bringing together community partners, data, community leaders, and innovation we know we can change the lives of our neighbors in need for generations to come.

Our Bold Goals are the most challenging and chronic sources of poverty in our community. Reducing hunger and homelessness, preparing children to succeed, and helping people be independent will help create a better community for us all.
